## EDUCATION

<b>Engineering Degree (Computer Science)</b>	2023
Toulouse INP - ENSEEIHT	2026
<b>CPGE PTSI / PT</b>	2021
Lycée Couffignal - Strasbourg	2023
<b>High School Diploma</b>	2018
Specialized in Mathematics and Engineering Science Institution Notre Dame- Strasbourg	2021

## CERTIFICATES

<b>Cambridge B2-First</b>	2021
Grade A - C1	
<b>PIX</b>	2023
Score : 517	

## LANGUAGES

<b>French</b>	Native
<b>English</b>	C1

## PROJECTS

### ePortfolio (2023)

- I am currently working on building my ePortfolio to showcase my projects and improve my skills in web development.

### Traffic light optimisation (2023)

Travail d'Initiative Personnelle Encadré (TIPE)

- Use a microscopic traffic model to test the efficiency of several traffic light algorithm to reduce the wait time for drivers.

### PC and Keyboard Build (2022)

- I built my own desktop computer and keyboard to fit my needs and better my understanding of computer's hardware components.

### Immersive Cablecam (2021)

- A group project we worked on as part of Engineering Science class. Helped by our teacher, we built a radio controlled travelling camera that moved on a set cable.

## SKILLS

### DEVELOPMENT

### SOFTWARES

## STUDENT ASSOCIATIONS
