Nell TRUONG

ENGINEERING STUDENT

I'm a 19 years old engineering student at N7 (ENSEEIHT) specializing in Computer Science. I'm interested in software development, artificial intelligence and cybersecurity.

EDUCATION

Engineering Degree (Computer Science)   2023
Toulouse INP - ENSEEIHT   2026

CPGE PTSI / PT   2021
Lycée Couffignal - Strasbourg   2023

High School Diploma   2018
Specialized in Mathematics and Engineering Science
Institution Notre Dame- Strasbourg   2021

CERTIFICATES

Cambridge B2-First   2021
Grade A - C1

PIX   2023
Score : 517

LANGUAGES

French   Native
English   C1

PROJECTS

ePortfolio (2023)
- I am currently working on building my ePortfolio to showcase my projects and improve my skills in web development.

Traffic light optimisation (2023)
Travail d'Initiative Personnelle Encadré (TIPE)
- Use a microscopic traffic model to test the efficiency of several traffic light algorithm to reduce the wait time for drivers.

PC and Keyboard Build (2022)
- I built my own desktop computer and keyboard to fit my needs and better my understanding of computer's hardware components.

Immersive Cablecam (2021)
- A group project we worked on as part of Engineering Science class. Helped by our teacher, we built a radio controlled travelling camera that moved on a set cable.

SKILLS
DEVELOPMENT

Python   C   Arduino   HTML   CSS

Git   SQL   Ada

SOFTWARES

Microsoft Office   Solidworks   Matlab   Scilab

STUDENT ASSOCIATIONS

Net7   Computer Science Association
TVn7   Audiovisual association
